

# HD DVR

## Main Feature

- ※ Support up to 32 channel 1080P video access
- ※ Support ONVIF standard network camera access
- ※ Support two channel network port connection transmission
- ※ Support HDMI and VGA output
- ※ Support OSD overlay front-end camera information
- ※ Support preview image and playback image
- ※ Support holiday video configuration
- ※ Support redundant video recording
- ※ Support 1/4/9 multi-screen split and different channel parallel preview
- ※ Support 8 pieces of SATA interfaces, each channel supports up to 8T hard disk

The TSR200-E DVR is a HD hard disk video recorder that supports access to hundreds of network HD cameras. With the front-end camera, it can realize local access, storage, and playback of HD video, and can be connected to the Tsinglink iCVS cloud video management platform. Under the condition of avoiding the large cost of network construction, the high-definition transmission of video is realized, and a large networking platform is formed, which is an important part of "high-definition and intelligent" video surveillance.

## Product Parameters

Model		TSR200-E
Video	Compression Standard	H.265, H.264
	Input	Multi channel HD video
	Output	1 channel VGA output; 1 channel HDMI output
	Recording Resolution	1080P/720P/960H/VGA/D1 etc.
	Bit Stream	Support dual stream
Audio	Input	Support 1 channel RCA input
	Output	Support 1 channel RCA output
Storage	Interface	Support 8 pieces of SATA interfaces
	Hard Disk	Single hard disk supports up to 8T
Wired	RJ45	Two, 10M/100M/1000M adaptive Ethernet ports, bridge mode
Interface	USB	Support 2 USB2.0 ports, 1 USB3.0 port
	Serial Port	1 RS232 interface, 1 RS485 interface
	Alarm	Support 16 alarm output resources and 4 sets of alarm output resources
Power Supply	Input	220V
Operation	Remote Control	Support OSD menu remote operation
	Mouse & Keyboard	Support mouse and keyboard operation
	Buttons	Supports physical shortcut buttons
Others	Working Temperature	0°C ~ 55°C
	Working Humidity	10% ~ 90%

## Product Model

Model	Description
TSR200-E-32N	32-channel HD Hard Disk Video Recorder
